

Dr. Miles' Nervine
A REMEDY FOR THE
Effects of Tobacco.

THE excessive use of tobacco, especially by young men is always injurious and undoubtedly shortens life materially. Mr. Ed. C. Ebsen, compositor on the Contra Costa News, Martinez, Cal., writes: "I have used Dr. Miles' Restorative Nervine and received much benefit from it. I was troubled with nervousness, dizzy spells and sleeplessness, caused by the use of tobacco and stimulants. I took Dr. Miles' Nervine with marvelous good results, allaying the dizziness, quieting the nerves, and enabling me to sleep and rest, proving in my case a very beneficial remedy." Dr. Miles' Restorative Nervine is especially adapted to restoring the nervous system to its normal condition under such circumstances. It soothes, heals and strengthens.

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address: DR. MILES MEDICAL CO., Elkhart, Ind.

CAPT. CARTER'S CASE

Decision on the Findings of the Courtmartial Not Yet Ready.

STATUTE OF LIMITATIONS

Will Not Apply Next Month, Says Attorney General Griggs—Narrow Plan of Arbitration May Be Adopted at the Hague—American Exhibit of Beverages at Paris Exposition.

Washington, June 21.—Attorney General Griggs was asked yesterday when some decision might be expected in the case of Captain Carter, convicted by courtmartial for frauds in connection with the Savannah harbor project.

"It would be impossible to answer that question categorically," was the reply. "The case involves an immense amount of testimony and argument, and ever since the adjournment of congress I have been giving it every moment of my spare time. I have taken the papers with me to my home, and even on the railroad cars at night, when I ought to be asleep, I have been engaged upon them. The president has given me the very responsible task of determining whether or not Captain Carter has been justly or unjustly dealt with, and I propose to make a thorough inquiry. I can, therefore, only report progress, although this does not seem to satisfy the newspapers that are clamoring for an immediate decision. The supreme court frequently takes months, not to say years, in deciding a question, and no criticism is made of its delay."

"But it is said that in this case the statute of limitations will apply if no action is taken by next month."

"That is not true," was the answer. "The conspiracy to defraud the government, if there was a conspiracy, began in July, August or September, 1896. Under the law, however, each continuing act is a part of a conspiracy, and overt acts occurred up to August or September, 1897. Consequently another year must elapse before the statute of limitations can be successfully pleaded. I am frank to say, though, that even if the statute did become operative at this time, I would not give a judgment on the case until I had thoroughly convinced myself that the judgment was an honest and accurate one, no matter how long it might take me to arrive at a decision."

ARBITRATION

A Very Narrow Plan May Be Adopted by the Peace Conference.

Washington, June 21.—Private advice received here from a high authority is to the effect that the conference at The Hague probably will be redeemed nominally from failure through an agreement on an arbitration project that will satisfy the apparently general demand on that point, but which at the same time, by carefully framed safeguards, will so narrow the field of matters that may or must go before the arbitration tribunal as to make it little more than arbitration in name. The attitude of Germany is said to be only a little in advance of that of some of the other powers after all, in opposition to the plans submitted, and the dissatisfaction is more general than appears on the surface. As for the other projects that were especially desired by the Americans, such as protection of individual property from seizure at sea, they have all been irredeemably lost, according to this report.

PARIS EXPOSITION

Space Allotted For American Beverages Too Small For the Demand.

Washington, June 21.—Preparations are being vigorously pushed for the agricultural department's exhibit of beverages at the Paris exposition next year.

NEWS OF VICTORY.

When an excited messenger comes dashing in with glorious news of victory from a great field of battle nobody wonders at his enthusiasm. It is contagious. Every man who hears the grand tidings is ready to swing his hat and cheer and pass along the splendid story to his nearest neighbor. When a man has been through a terrible battle with sickness and at last has gained a glorious victory his first impulse is to tell the good news to others. He wants every man and woman of his acquaintance to know about the splendid remedy that brought him back from sickness and discouragement to sound and perfect health.

"I had rheumatism for three months," says Mr. James E. Crampton, of Sharpsburg, Washington Co., Md., in a recent letter to Dr. R. V. Pierce, of Buffalo, N. Y. "I couldn't walk at all. I was in business in Baltimore. I tried the best doctors I could get but they did me no good. I took three bottles of Dr. Pierce's Golden Medical Discovery and it cured me sound."

"I came home to Sharpsburg and there were three cases of different diseases. I advised the patients to use Dr. Pierce's medicine, which they did, and all were cured. I have sold one hundred dollars' worth of your medicine by telling people how it cured me."

"You will find enclosed at one-cent stamps on one of your 'Medical Advertisers,' cloth-bound."

This grand "Discovery" is the most perfect formula ever devised for the complete and thorough renovation of the blood from all unhealthy germs and lurking taints of every name and nature. By making pure and healthy blood free from bilious poisons it builds up strong and active manhood and blooming attractive womanhood.

If out of health, write to Dr. Pierce. He will send you good, fatherly, professional advice without charge. See his address above.

The space allotted is generous, considering the enormous demand from all countries, but it is not so large as the department desires. A number of American exhibitors would like to fill all the space with their individual display, and it is necessary to limit applicants. It is hoped to have the majority of this material ready for shipment in December and requests for representation are being received daily. So great has been the demand for space that the California wine growers, while they will be represented in the government exhibit, have already engaged a house outside the exposition grounds, where California wines will be on exhibition and ready for distribution by sample to the foreign buyers.

New Position For General Wood.
Washington, June 21.—General Leonard Wood, the military governor of Santiago province, has been offered the presidency of the Washington Traction and Electric company of this city. The company has been formed recently and owns and controls, directly and indirectly, all the street railroads in the District of Columbia, with the exception of Capital Traction company. It also owns the two electric light companies. Yesterday afternoon General Wood was in consultation with parties interested in the new company. He has the matter under advisement.

Armored Plate Test.
Washington, June 21.—There was a test at Indian Head yesterday of armor plate intended for the battleship Wisconsin, the lot aggregating 700 tons. The testplate tapered from 10 1/2-inch to 9 1/2-inch in thickness. The first shot, a Carpenter armor-piercer with a velocity of 1,370 feet, penetrated the plate 3 1/2 inches. The second, a Hotchkiss armor-piercer with a velocity of 1,300 feet penetrated 9 inches. The plate was cracked and the test was satisfactorily met.

Life and Death For England.

London, June 21.—The correspondent of The Daily News at The Hague, discussing "the question of private property at sea, which was brought into startling prominence by Captain Mahan yesterday," says: "It is a matter of life and death for England. British and American interests on this question are totally opposed. It is obvious that the Americans are only concerned for their own interests, which are that, on the outbreak of the war, the British mercantile marine should be transferred to the neutral American flag."

FAR EAST TRADE

United States' Position If It Fails to Hold the Philippines.

Boston, June 21.—John Barrett, United States minister to Siam, during the Cleveland administration, spoke before the Boston Chamber of Commerce yesterday regarding the Philippines and the extension of United States trade in the far east. He said in part:

"If we fail to hold the Philippines and to protect our rights of trade throughout the far east, the United States will not only become a secondary power in the great Pacific, where by natural position and hand of God we are intended to be forever first, but the Pacific coast states will experience the most demoralizing and destructive blow to their progress and prosperity that could possibly be given them. I appeal to you to unite with and support the Pacific coast states in a policy which will insist upon our taking legitimate advantage of the immeasurable material and commercial opportunities that result from the occupation of the islands."

"The whole country, east and west, north and south, is vitally concerned in the expansion of American commerce and influence throughout the Pacific seas. If the far east wants the flour, the timber and other food and manufactured products of the Pacific coast, it wants also the cotton goods of New England, the cotton goods and the raw cotton of the south, the manufactured iron, steel and miscellaneous products, as well as the petroleum of the middle states, and it wants the similar products, together, possibly, with the maize, or Indian meal, and flour of the great central west."

CHASE ABDUCTION

Young Man Mentally Incompetent. Probable Motive of the Abductors.

Detroit, June 21.—Moses Fowler Chase, aged 21, who was abducted from the Hotel Cadillac Monday night, is said to be mentally incompetent. He had been a patient at a sanitarium in Flint and was en route to his home in Lafayette, Ind., accompanied by his father, Frederick Chase, a lawyer. When the father and son arrived here the young man's aunt met them at the depot and hurried the youth to the Cadillac. From the hotel he was surreptitiously taken to the Cleveland boat, which, in the company of his aunt and two unknown men, he boarded. On reaching Cleveland the party took a train for Cincinnati. From there they went east to Albany, N. Y., where the private detective, that the father had employed to watch them, lost sight of the party.

Extradition papers were yesterday made out in anticipation of the party's arrest by the New York authorities. The fortune that the boy possesses is revertible to the aunt upon his death, which, it is alleged, furnishes the motive for the supposed abduction. The police of New York, Boston, Portland and Montreal have been notified to be on the watch for the party; the father and his attorney believe that the object of the alleged abductors is to take the young man out of the country.

It is stated that upon young Chase attaining his majority the father's guardianship ceased, and that the father was taking him to Lafayette for the purpose of himself being continued as his guardian by order of the probate court.

TRIUMPH OF TRUSTS

One of the Marvels of Closing Years of the Nineteenth Century.

LABOR SAVING MACHINES

Is What Mayor S. M. Jones of Toledo Calls Them—Trusts, Like Their Prototype, Have Come to Stay—They Are an Economic Development Strictly in the Line of Progress.

Chicago, June 21.—Mayor S. M. Jones of Toledo in a letter to The Record on trusts, says: "I wish to say that I am inclined to regard the great growth of these organizations within the last few months rather complacently."

"I believe in a large programme for society. I believe it to be our duty and privilege in this republic to find a plan big enough to provide for all of the people and I see in the growth of trust an indication of the growing movement toward collectivism. I believe in brotherhood. The trust is the American brotherhood (limited). The trust is preparing the way, showing society the great benefits that may be derived through association in industry and the great economic value of association, both in production and distribution. An invention that lightens the burden of a world's toilers and makes it possible for one man to do the work of 12 is called a labor-saving machine."

"Does it matter whether the machine is made of wood and iron, or composed of organizations and associations of men? If the result is the same it is a labor-saving machine."

"The triumph of the trusts is one of the marvels of the closing years of the 19th century, but they are an economic development, strictly in the line of progress, and our problem is not how to destroy them, but how to use them for the good of all. Like their prototype, the labor-saving machinery constructed of wood and iron, they have come to stay."

"What shall we do with a trust, with the continually increasing armies of unemployed thrown out by these organizations? I reply, we must organize government (society) in the interest of all, for the good of all, so that we may utilize the economic side of the trust."

"We must leave off the word 'limited' from the great American brotherhood that I have referred to and own and operate the trust for the benefit of the people, as we now own and operate the postoffice trust. The profit that accrues to the organizations known as trusts, belongs to society, and may be properly called the 'increment of associated organizations.'"

"Equality of opportunity, or brotherhood, is the goal for which the race is struggling, and the trust, while purely selfish in its inspiration, is the expression of the great social spirit now stirring the hearts of the people. The movement toward municipal ownership, toward public ownership, toward co-operation of every sort, indicates the changed through which the people are to come into possession of their own. When they are thoroughly enlightened they will simply retake in a perfectly orderly way the properties that have passed out of their hands and become private possessions. The people will own and operate their own trust. Its name will be The Co-operative Commonwealth."

FEW CHANGES

Will Be Made in the Personnel of Committees in Next Congress.

Chicago, June 21.—The Record today says: When Congressman D. B. Henderson of Iowa has been elected speaker of the house of representatives of the Fifty-sixth congress he will in the main reorganize the committees without changes in personnel. The chairmanship of the committee on rules will go to Congressman James W. Babcock of Wisconsin. Congressman Payne of New York will remain at the head of the ways and means committee, Congressman Hitt of Illinois will retain the chairmanship of the foreign committee and Congressman Cannon that of appropriations.

Schley Refuses to Talk.

Baltimore, June 21.—Rear Admiral Schley, who is visiting General Felix Agnus, at the home of the latter near this city, declined to comment upon or discuss in any manner the statements of Lieutenant Hobson or Lieutenant Commander Helffer. General Agnus said: "Admiral Schley has nothing to say. This is merely a dispute between junior officers. History tells the rest."

Killed by Lightning.

Lincoln, Ills., June 21.—During a severe storm here last evening William C. Phillips, night watchman at the Asylum for Feeble-minded Children, was struck by lightning and instantly killed.

Third of July a Holiday.

New York, June 21.—The city council has adopted a resolution making July 3 a holiday in this city, in commemoration of the first anniversary of the battle of Santiago.

Treasury Statement.

Washington, June 21.—The statement of the condition of the treasury shows: Available cash balance, \$272,389,466; gold reserve, \$235,414,919.

Killed Some Stock.

Hoopston, Ills., June 21.—A tornado passed north of this place last evening, doing considerable damage and killing some stock.

Dewey Home Fund.

Washington, June 21.—The contributions to the Dewey home fund to date amount to \$9,350.

HORRIBLE DEATH

Man Cut to Pieces in a Sawmill. Caused by Carelessness.

Cayuga, Ind., June 21.—George Armstrong, about 32 years old, was thrown upon the big saw in Watson's sawmill, three miles northwest of here, yesterday and mangled in such a manner that death resulted.

The saw entered his right hip and cut through into his abdomen. His right foot was also severed. The accident was caused by his own carelessness in putting his foot on the log carriage when it was moving, his foot getting fastened before the carriage could be stopped.

Successful Dash For Liberty.

Columbus, Ind., June 21.—James Garrison was convicted of receiving stolen goods yesterday, and was committed to the reformatory under the indeterminate sentence act. While he was being escorted from the courthouse to the county jail by Deputy Sheriff Thompson, he made a dash for liberty and effected his escape.

Glass Plants on Co-Operative Plan.

Matthews, Ind., June 21.—Three 12-pot windowglass plants have been located here to be run on the co-operative plan. Two are from Hartford City and one from Eaton. These factories are all offered by glassworkers and well known business men from Eaton and Hartford City.

HIS PROPERTY SOLD

While He Was in the Army Fighting For His Country.

San Jose, Cal., June 21.—Major Jose R. Pico of Oakland, is taking steps to sue for the recovery of a lot of business property. He claims that it was sold while he was away in the army fighting for his country. He will also sue to recover the plaza on which is situated the city hall. This was decided to the state for a capital with the reservation that it should revert in case the capital was not built. The property is probably worth \$1,500,000.

FIFTY VILLAGES

In India Looted and Burned and the Citizens Murdered.

London, June 21.—A dispatch to The Daily Mail from Simla, India, says: Over 50 small villages have been looted and burned in the Tinnivee district. At one town more than 100 murders were committed. The victims in many cases were literally hacked to pieces and then thrown into the flames of their burning homes.

ROYAL BAKING POWDER CO., NEW YORK.

CIVILIANS COMPLAIN

Content That Army Officers at Havana Are Too Exclusive.

Havana, June 21.—At a meeting of a number of officers of the United States army now in Havana it has been decided to celebrate the Fourth of July by a \$10 banquet, each participant to subscribe that amount. It was further decided by the officers in charge of the affair that only army officers and government officials were eligible to subscribe to the fund; in other words, the Americans of Havana who came here long in advance of the army of occupation, and who have done more to Americanize the city than the whole of the United States army, are tabooed, and will not be allowed to participate in the dinner, which is to appear to the people of Cuba as the celebration of the glorious independence day.

The other Americans here are not pleased with the situation, and are opposed to allowing the people of the island to look upon the star-spangled and gold-braided uniforms as constituting the entire American colony of Havana.

Indignation among the Americans here in civil life has been running high since the announcement was made that the army officers and government officials had voted themselves the only persons eligible to celebrate their country's independence day, and a "dollar dinner" to be attended by several hundred true and loyal American citizens may be served on the same day as the one from which they were excluded by a committee of the self-styled "exclusive set," not a single one of whom smelt a grain of burning powder during the recent war with Spain.

This is the second exhibition of the same nature displayed by the same people within a month. At the races recently held here a probable winner was barred from entry because his owner had the misfortune to be, not an officer, but a civilian employee of the United States government.

KENTUCKY DEMOCRATS

State Convention to Convene This Afternoon at Louisville.

Louisville, June 21.—The Democratic state convention which meets at Central Music hall this afternoon to nominate a full state ticket, promises to be long and bitter. The sharpness of the struggle between the three leading candidates for governor, General P. Wat Hardin, W. J. Stone and William Goebel, has not been lessened by the numberless conferences which occupied their followers yesterday and last night. The general trend of these maneuvers has been toward a Stone-Goebel combination for the organization of the convention.

The plan is said to be to throw the combined vote of these two candidates to Stone for governor if Goebel, after a full test of his individual strength in the convention, shall fail of a nomination. General Hardin's friends are confident, but his position as the leading candidate in point of instructed delegates apparently has served to weaken him by bringing together his two opponents.

FRENCH CABINET CRISIS

Its Prolongation Is Becoming Most Serious—Dupuy and Lockrey.

Paris, June 21.—The prolongation of the cabinet crisis is becoming most serious. MM. Dupuy and Lockrey both called upon President Loubet yesterday and expressed their anxiety to be relieved of the responsibilities of office as soon as possible. Should M. Bourgeois accept the task of forming a ministry, it is thought his chances of success would be fairly good.

LEAVING OHIO

Standard Oil Company Will Move Its Headquarters to New York.

Cleveland, June 21.—The Standard Oil company is preparing to get out of Ohio. Its headquarters will be removed from this city to New York and on July 1 its Ohio charter will be given up. The office force here will be reduced from about 60 men to less than one-tenth of that number. The recent incorporation of the company in New Jersey with a capital of \$110,000,000 was the first step in the abandonment of Ohio. An officer of the company confirmed the report of the removal of the offices and said that Cleveland would hereafter be only a branch office like those maintained in several cities. The suggestion that the company is leaving the state to avoid further litigation is denied.

McKinley Awarded the Diplomas.

South Hadley, Mass., June 21.—President McKinley participated in the commencement exercises at Mount Holyoke college yesterday, awarding the diplomas to the senior class, among whom was his niece, Miss Grace McKinley, and accepting in a brief address the degree of Doctor of Civil Laws conferred upon him by the college.

Lower California Placers Not Rich.

San Diego, Cal., June 21.—The schooner Anita has returned from the Lower California mines with 15 miners and 60 ounces of gold. The men say the placers extend over 83 by 4 miles, but are not rich and most of the Americans will leave for home. About \$80,000 has been taken out so far.

WEDNESDAY, JUNE 21, 1899.

The Kentucky democratic convention is in session today at Louisville. The principal aspirants for governor are Wm. Geibal, P. Wat Hardin and W. J. Stone.

VINCENTS has a new daily, the Evening Star. It is democratic but being a Star it will scarcely give forth as much light as the Sun, the old established daily owned and edited by Senator R. E. Purcell.

The indications are that Mister Harry M. Geiger has not completely captured Jeffersonville with his electric light scheme. But then he can go over to Worthington most any time and find work to do for we understand his \$39,000 plant there is still closed down.

The Columbus Herald editor has written another article reiterating his former assertion that there is nothing sacred now about the 16 to 1 ratio and that he would consent to a change under certain conditions. The headline he gives the article, "The 16 to 1 Bugaboo" may be regarded as significant, especially since the Herald editor rode on the train with Bryan recently, and may have authority to apply such names to the once sacred ratio.

Masons at Crothersville.

Last evening J. A. Willey hitched up four horses and drove to Crothersville with a crowd of Masons who assisted in conferring the degree of Master Mason on four candidates. Those who went down were J. B. Shepard, J. E. OMC-Crady, John Wilhelm, Ed. Hancock, Will Humes, S. G. Rogers, A. H. Hoover, O. B. Sappington, Wm. Messeke, Elwin Hughbanks, Judge Applewhite, Dr. G. W. Rains and J. M. Dill. They were treated to a banquet at Miss Anna Kisselman's restaurant. They arrived home at 2 o'clock.

The Wheat Crop.

It is expected that wheat threshing in Jackson county will be in full blast within a week. The crop will doubtless be larger than anticipated a month ago. New wheat will probably bring about 65 cents a bushel in the Seymour market to start with.

H. A. Truedly, of the B. & O. S-W was in Seymour last night.

S. V. Harding and wife went to West Baden today for a ten days stay.

Rev. J. M. Baxter will attend the Epworth League convention at Brownstown tomorrow.

A large amount of uncut wheat has fallen down on account of the straw being rotted. Farmers will have trouble in saving it all.

Miss Alice Moses and Walter Flommerfelt will be married tomorrow afternoon at 1:30 at the home of the bride's parents on West Second street.

L. C. Wallickplead guilty in Justice Blish's court yesterday to the charge of not removing his blinds Sunday in accordance with the Nicholsonlaw and paid the fine assessed.

The Hope Morning Record has been sold by Harry D. Leeds to Omer A. Miller and Walter Lingham. Both are young men with considerable experience as printers, Mr. Miller having begun his trade under one of the publishers of this paper, and for the last two years having been employed in a job office at Indianapolis. He was the originator of a daily paper at Hope, having started the Hope Morning Sun soon after the Hope Republican was discontinued. We extend best wishes for their new venture.

Willie Stewart Gets Beyond His
Depth Near Bell's Ford.

This afternoon a number of boys went out to the new Bell's ford bridge to take a swim. Among the number was Willie Stewart, the twelve-year old son of Samuel Stewart. Willie was more venturesome than the other boys and got beyond his depths and sank out of sight. He was cautioned of the risk he was taking by the other boys but to no purpose.

As soon as the other boys realized that the Stewart boy was drowned John Casey who was there got on his wheel and came into town quickly and gave the alarm. This was about 3:30.

Searching parties were soon organized and are now searching for the body, hoping to recover it yet this evening.

Other boys there at the time were Mose Waterbury, "Pug" Leslie, Andrew Patrick, Charley Tucker and a number of others.

THE 161st OFFICERS.

A Meeting to Discuss the Philip-
pines Prospect.

Six or eight of the officers of the One-hundred-and-sixty-first Indiana met in Indianapolis Tuesday, and the purpose of the meeting was a profound secret. Colonel Durbin returned from Washington and met with the others. It is understood that the majority of the officers are anxious to get into active service, and the officers claim a good portion of the men as equally anxious. It is believed the meeting was called to formulate a plan of action in the event volunteers are called for the Philippines. During the afternoon the officers called on Governor Mount, but the call was of an entirely social nature.

Dr. Drybrough attended Masonic lodge at Crothersville last night.

A team of R. F. White ran away yesterday outing one of the horse's feet quite severely.

Dr. N. D. Gaddy, of Watson, has purchased Dr. Galbraith's property on East Second street and will remove to Seymour in the near future. The doctor is an old practitioner and has a large practice in Jennings and Jackson counties.

HOUSTON.

The wheat is almost all cut. D. W. Thompson traded his buggy to Henry Combs for a wheel.

Dixon Hays of Pleasant Grove was in our community last Friday on business.

H. F. Thompson has been buying timber here and says there may be a saw mill moved here.

Dr. Cummings and wife spent Friday and Saturday in the family of Warren Miller near Brownstown.

J. M. Hise undertaker at this place, purchased a hearse of Mr. Zable of Brownstown last week for \$150.

Ye scribe and many others from here attended the commencement at Freetown Friday night and all report a good time.

Mrs. R. M. Cross who has been lingering very low for some time with nervous trouble remains about the same.

FREETOWN.

David G. Wheeler is no better at this writing.

Miss Inez Hays visited at L. C. Jackson last week.

Several ladies of this town have purchased wheels.

Rev. Ferguson, of Mt. Vernon, Illinois, is holding a series of meetings at the M. E. church.

Miss Aliva Kane, of Louisville, attended the commencement last Friday night at this place.

D. M. Hays and wife returned Wednesday from Bedford where they had been visiting.

Fred Huber came in Monday and ordered the REPUBLICAN sent to his father Martin Huber, at Freetown.

Mrs. Davis, of Denver, Colorado, arrived here Tuesday to visit relatives she is a daughter of the late Dr. G. Manuel.

A large crowd was in attendance at the Commencement Friday night the 16 a great many had to remain out side as the Opera House would not hold them. Fourteen graduates received diplomas. Miss Laura McKain carried off the honors.

NEW DRIFTWOOD.

Wm. Quinn has purchased a new binder.

Miss Ida Ruddick is suffering from lung trouble.

Attendance at Sunday school 50; collection \$1.06.

Several young people of this place attended the dance at Mr. Mormon's and report a good time.

Frank Sticken and sister Miss Minnie spent Saturday and Sunday with Bertha Machord of Becks.

The show that was to have been here Saturday night failed to appear but the ladies stopped on their way home and spent the evening with Mrs. William Otte.

It seems as that some of our farmers are keeping the Sabbath busy instead of holy the way they harvested. Have patience, farmers, and let your wheat get ripe.

La Grippe is surely contagious. Dr. Miles' Restorative Nerve is a sure preventive.

OLDTOWN.

Wm. Casey is no better.

Sheriff Goss was in our town Saturday.

Miss Alice Prince returned to Austin Sunday.

Misses Maud Gardener and Orpha Fleenor visited home folks Sunday.

Frank Neal, Miss Toss Mitchell and Chas. Christie of Austin, visited in the family of Sarah Prince Sunday.

Asa Beldon and family attended the funeral of his brother-in-law, Willis Tatlock of near Salem last week.

Miss Lockheart's
LETTER TO MRS. PINKHAM.

[LETTER TO MRS. PINKHAM NO. 67,104]

"I cannot express my gratitude to you for the good that Lydia E. Pinkham's Vegetable Compound has done for me. I have taken five bottles of the Compound and two boxes of Liver Pills and feel better in every respect. I had suffered for years with dropsy; the veins in my limbs burst, caused from the pressure of the water. I had the worst kind of kidney trouble, fainting spells, and I could not stand long at a time. I also had female weakness and the doctor said there was a tumor in my left side. The pains I had to stand were something dreadful. A friend handed me a little book of yours, so I got your medicine and it has saved my life. I felt better from the first bottle. The bloating and the tumors have all gone and I do not suffer any pain. I am still using the Vegetable Compound and hope others may find relief as I have done from its use." Miss N. J. LOCKHEART, Box 16, ELIZABETH, PA.

Only the women who have suffered with female troubles can fully appreciate the gratitude of those who have been restored to health. Mrs. Pinkham responds quickly and without charge to all letters from suffering women. Her address is Lynn, Mass.

MEDORA.

The farmers are very busy in the harvest field.

L. Ernst's new store building is being built up rapidly.

Dr. Ritter of Seymour was seen on our streets Friday.

THE - - HUB.

Prescription Department.

It is our aim to make this department perfect in itself. We can assure you that only the best and freshest drugs are used by us in our prescriptions.

Proprietary Medicines.

A full line of goods of this nature can be found constantly in stock, and owing to our unequalled facilities for buying we are in a position to supply you with any or all proprietary preparations at the most reasonable figures.

Cigars.

Is a complete supply of all the leading brands of cigars an inducement to our gentlemen friends? Have you some particular cigar that you are compelled to go some distance out of your way to obtain? If so, speak to us of it. Let us get it for you.

Soda.

Let us demonstrate to you personally our right to claim superiority in dispensing soda water. All our syrups are made from fresh fruit juices, no acid extracts of any kind being used in their manufacture. Our soda water is charged to the highest degree of carbonation by a special process. By the use of the best of materials, combined with skill in mixing, we guarantee you unsurpassed results.

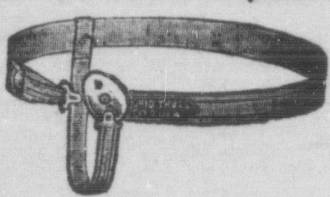

Sundry Articles.

Of articles of this nature we carry a complete stock. If unable to get elsewhere just the article you desire, let us get it for you and save time, trouble and expense.

We should be pleased to deliver prescriptions or other purchases at your home at any time.

W. F. PETER'S PHARMACY.
